

DOCUMENTATION FOR DJANGO APP

**LOGIN PANEL, ADMIN, TEAM LEADER, USER DASHBOARDS, REPORTS, CSV
UPLOAD, ANALYTICS, AND USER MANAGEMENT**

INTRODUCTION

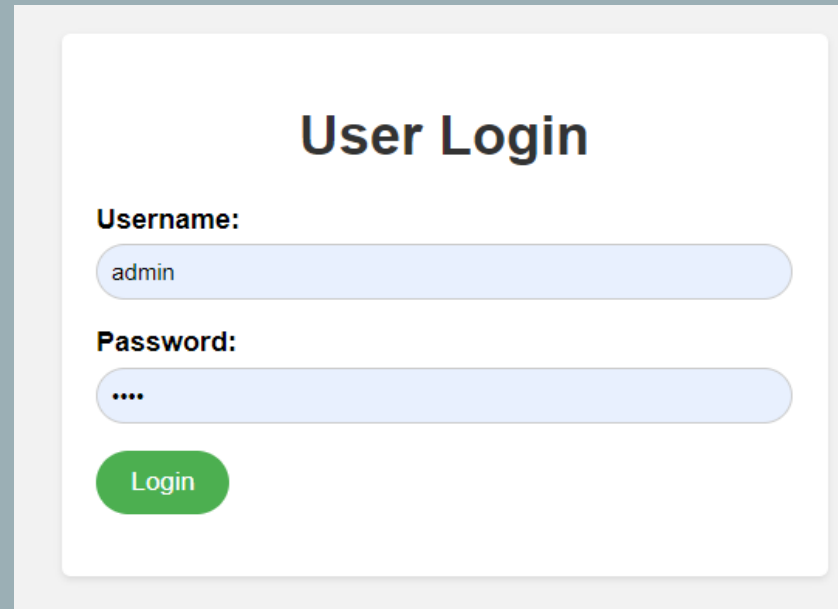

:

This Documentation provides an overview of the features and functionalities of the Django application. The application includes a Login panel with separate dashboards for Administrators, Team leaders and Users. It also offers features like Reports for Vehicles, User Management and Analytics. Additionally, There is a CSV file upload feature for data Processing.

LOGIN PANEL

:

- The Login panel provides Authentication for Administrators, Team leaders and Users.
- Users will need to enter their respective usernames and passwords to access their dashboards.

The image shows a 'User Login' form. It has a title 'User Login' at the top. Below the title, there are two input fields: 'Username:' with the text 'admin' and 'Password:' with masked characters '....'. At the bottom of the form is a green 'Login' button.

User Login

Username:
admin

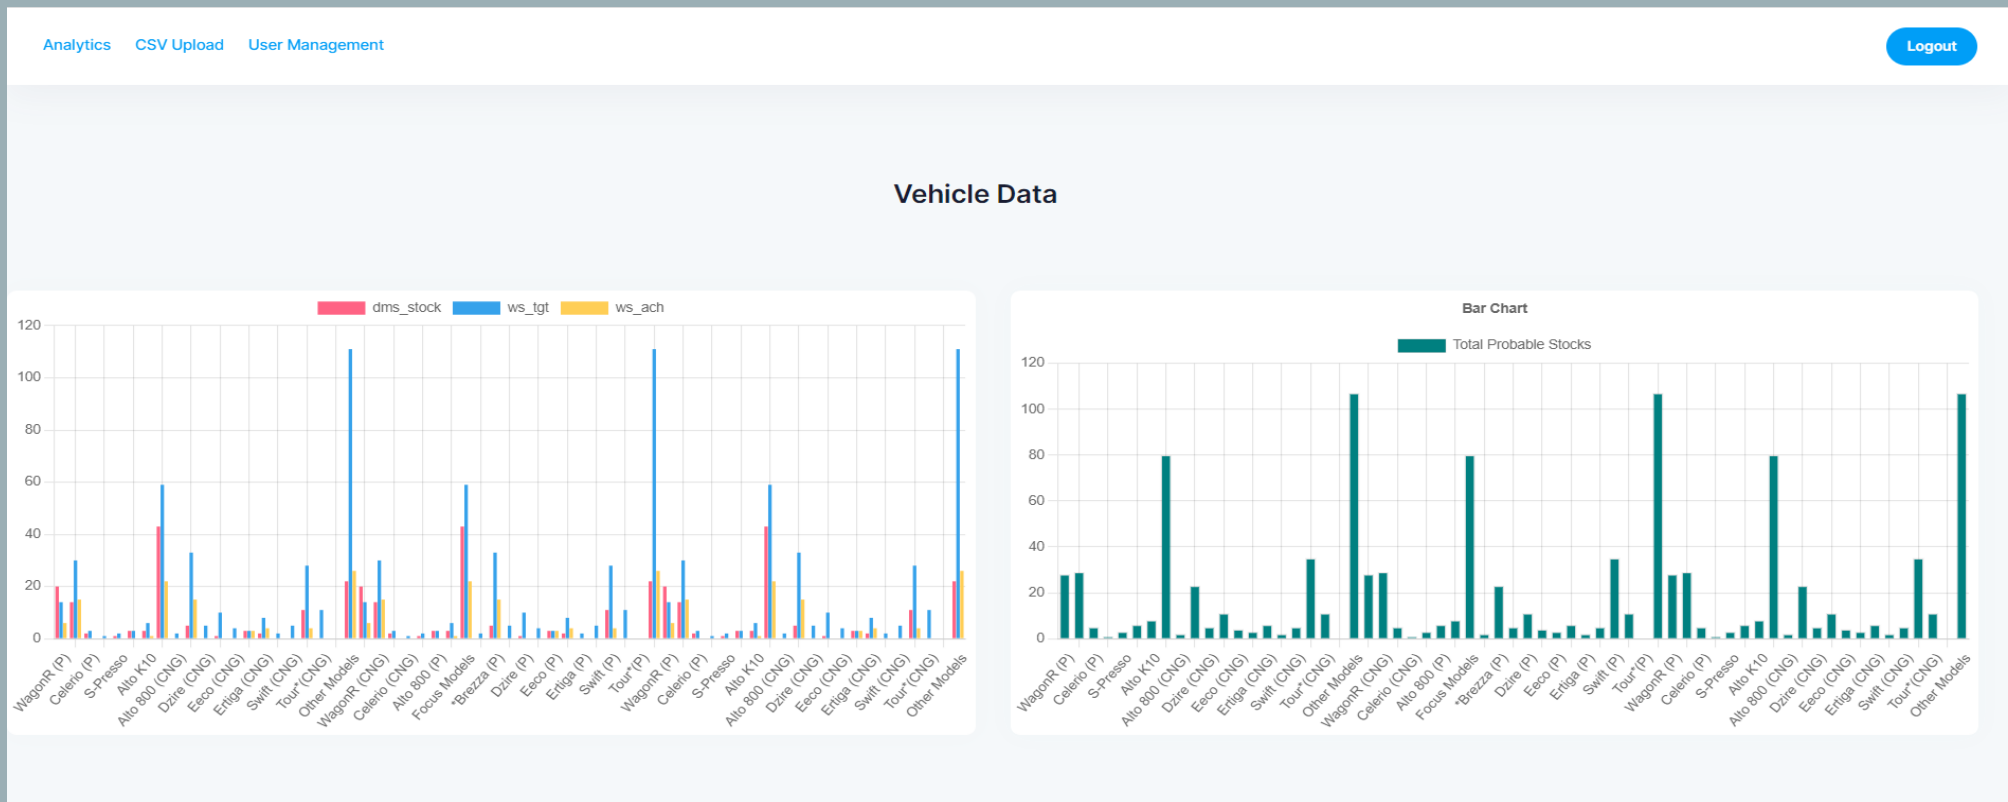

Password:
....

Login

ADMIN DASHBOARD

:

- Upon logging in as an Admin, you will have access to the Admin dashboard.
- The Admin dashboard provides an overview of the system and its functionalities.
- It includes features like User Management, Vehicle Reports, CSV file upload, and Analytics.
